

# 53360 ATV Rack - Gear Basket Instruction Manual

Item	Description	Qty
1	Gear Basket	1
2	1/4" - 20 U-Bolt	4
3	1/4" - 20 Nylon Locknut	8
4	Washer Plate for U-Bolts	4
5	Rubber Thread Caps	8

**Note:** This product is designed to be used on front or rear tubular steel racks.

## Gear Basket Mounting:

1. Locate position on your ATV rack to mount the Gear Basket.
2. Slide the U-Bolts under the OEM ATV Rack and through the steel mesh on the bottom of the Basket. Slide the Washer Plates over the U-Bolts and attach the 1/4" - 20 Nylon Locknuts.
3. Push Rubber Thread Caps over the exposed threads on the U-Bolts. Alternatively, the exposed threads can be cut off.

## Gear Basket Use:

- Note that the Basket is designed to transport only as much as your ATV recommends. Do not carry more than the ATV manufacturer recommends, as too much weight can result in loss of steering and could lead to serious injury or death.
